HB 1541-S by House Committee on Transportation (originally sponsored by Representatives Murray, Woods, Wallace, Jarrett, Erickson, Morris, B. Sullivan, Chase, Schual-Berke, Rodne and Dickerson)

Enacting the Transportation Innovative Partnerships Act.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the public-private initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects.

Declares an intent to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From the effective date of this act, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

Declares an intent to systematically evaluate and identify those highways that are well-suited for toll projects, either developed under this chapter or developed under the powers currently possessed by the transportation commission and the department of transportation.

Provides that, before soliciting and reviewing proposals for projects under this act, the transportation commission, with the technical assistance of the department, must conduct a study of the state's transportation system to determine the feasibility of administering tolls on specific transportation facilities or a network of facilities. In addition to identifying specific toll facilities or corridors, the study must recommend any additional laws, rules, procedures, resources, studies, reports, or the like that are necessary or desirable before proceeding with the review and evaluation of any toll projects.

Requires the transportation commission to complete the study and report back to the Legislature by January 15, 2006.

Creates the Transportation Innovative Partnerships Act for the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, and operation of transportation projects. The goals of this act are to: (1) Reduce the cost of transportation project delivery;

- (2) Recover transportation investment costs;
- (3) Develop an expedited project delivery process;
- (4) Encourage business investment in public infrastructure;
- (5) Use any fund source outside the state treasury, where financially advantageous and in the public interest;

(6) Maximize innovation; and

(7) Develop partnerships between private entities and units of government;

(8) Create synergies between and among public sector entities to develop projects that serve both transportation and other important public purposes; and

(9) Access specialized construction management and project management services and techniques available in the private sector.

Declares that a transportation project may be financed in whole or in part with: (1) The proceeds of grant anticipation revenue bonds authorized by 23 U.S.C. Sec. 122 and applicable state law. Legislative authorization and appropriation is required in order to use this source of financing;

(2) Grants, loans, loan guarantees, lines of credit, revolving lines of credit, or other financing arrangements available under the Transportation Infrastructure Finance and Innovation Act under 23 U.S.C. Sec. 181 et seq., or any other applicable federal law;

(3) Infrastructure loans or assistance from the state infrastructure bank established by RCW 82.44.195;

(4) Federal, state, or local revenues, subject to appropriation by the applicable legislative authority;

(5) User fees, tolls, fares, lease proceeds, rents, gross or net receipts from sales, proceeds from the sale of development rights, franchise fees, rents, or any other lawful form of consideration.

Provides that, before final approval, agreements entered into under this act must include a process that provides for public involvement and participation with respect to the development of the projects. This plan must be submitted along with the proposed agreement, and both must be approved under this act before the state may enter a binding agreement.

Provides that, for projects with costs, including financing costs, of three hundred million dollars or greater, advisory committees are required.

HB 1903-S by House Committee on Capital Budget (originally sponsored by Representatives Ericks, Haler, Linville, Springer, Kilmer, Morrell, O'Brien, Schual-Berke, P. Sullivan, Simpson, Pettigrew, Jarrett, Wallace, Sells, Strow, Grant, Upthegrove, Kessler, Dunn, Fromhold, Appleton, Chase, Green, Moeller, Hasegawa and Takko)

Creating a job development fund. Revised for 1st Substitute: Providing funds to stimulate community and economic development.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010.

Finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist local governments with public infrastructure projects that directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs.

Provides that, in administering the job development fund, the board shall establish a competitive process to request and prioritize proposals for public infrastructure projects, the primary objective of which is to stimulate

community and economic development through development or redevelopment of an area.

Requires the board to conduct a statewide request for project applications from political subdivisions or federally recognized Indian tribes in partnership with a political subdivision. The board shall develop criteria on which to evaluate and rank applications, and shall develop performance and evaluation criteria to review how well successful applicants met the community and economic development objectives stated in their applications. Among the priorities for ranking projects, the board shall include consideration of: (1) The relative benefits provided to the community by the jobs the project would create, including, but not limited to: (a) The total number of jobs; (b) the total number of full-time, family wage jobs; (c) the unemployment rate in the area; and (d) the increase in employment in comparison to total community population;

(2) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(3) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;

(4) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;

(5) The ability of the project to improve the viability of existing business entities in the project area; and

(6) Whether or not the project is a partnership of multiple jurisdictions.

Provides that, beginning September 1, 2010, and continuing every five years thereafter, the joint legislative audit and review committee shall submit a report to the appropriate committees of the legislature. The report, at a minimum, should evaluate the effectiveness of the job development fund grant program, including a project by project review. The report should include information regarding the criteria and performance measures used, whether the performance measures were met, and how the funds were used.

HB 1938-S by House Committee on Appropriations (originally sponsored by Representatives Hinkle, Darneille, Morrell, Ericks and O'Brien)

Addressing the employment and retirement rights of members of the armed forces called to active duty.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that a member, after completing twenty-five years of creditable service, who would have otherwise become eligible for a retirement benefit as defined under chapter 41.40 RCW while serving honorably in the armed forces as referenced in RCW 41.04.005, shall, upon application to the department, be eligible to receive credit for this service without returning to covered employment.

Declares that service credit granted under this act applies only to veterans as defined in RCW 41.40.005 serving in the armed forces on or after January 1, 2005.

HB 2030-S2 by House Committee on Appropriations (originally sponsored by Representatives Roberts and Kagi; by request of Department of Social and Health Services)

Revising provisions relating to guardianship of dependent children.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that guardianship can be an appropriate permanent plan for some children who have been found to be dependent children under chapter 13.34 RCW and who cannot live with their parents.

Declares an intent to strengthen stability and permanency for children by recognizing the value of a guardianship placement with relatives or other long-term caregivers, dismissal of dependencies, elimination of the need for continued governmental intervention in family life, and provision of support to the guardianship.

Takes effect January 1, 2006.

HB 2163-S2 by House Committee on Appropriations
 (originally sponsored by Representatives Ormsby, Holmquist, Miloscia, Williams, Flannigan, Chase, Dickerson, Sells, Ericks, Dunn, Wood, Green, Linville, Springer, Pettigrew, Kenney, O'Brien, Santos, Kagi, Fromhold and Schual-Berke)

Establishing a homeless housing program.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness is both morally and economically imperative.

Finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

Finds that the support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role.

Declares that the systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015.

Providing for expansion of the local option real estate excise tax to fund capital projects. Revised for 1st Substitute:

Authorizing an expansion of local real estate excise taxes in lieu of impact fees.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes the need to provide local governments with a new, stable, and broad source of funding for capital infrastructure.

Recognizes also the need to adequately fund growth in school districts and the need to provide relief to the ongoing affordable housing crisis.

HB 2212-S2 by House Committee on Appropriations
 (originally sponsored by Representatives Hunter, Cox, Haigh, Talcott and Lantz)

Relating to educator certification. Revised for 1st Substitute: Regarding educator certification. Revised for 2nd Substitute: Revising educator certification provisions.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that the professional certification process required of new teachers and experienced teachers from out of state is intended to provide candidates with a method for advancing their teaching skills and demonstrating their ability to improve student achievement.

Finds that the implementation of the professional certification process has faced unresolved challenges that include wide variations in the quality, relevance, and cost of different certification programs.

Declares an intent to direct state agencies to address issues of educator preparation.

Directs the professional educator standards board to biennially review preparation programs leading to professional certification.

Requires that, beginning in 2008, to the extent possible, the review shall include the impact on student work and achievement of educators who have obtained professional certification.

Requires the professional educator standards board to report the results of the review to the education and higher education committees of the senate and house of representatives by December 1, 2005, and December 1st of each odd-numbered year thereafter. The report shall include: The board's findings by institution; a summary of each institution's improvement plan; a description of exemplary practices; and any specific plans for agency technical assistance and support to the individual programs.

 Mar 8 Placed on second reading by Rules Committee.

HB 2257-S2 by House Committee on Appropriations
 (originally sponsored by Representatives Williams, Conway, Morrell and Wood)

Requiring state contracts to be in the state's best interests.
 Revised for 1st Substitute: Regulating state contracts.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that it is essential that the legislature and state agencies spend tax dollars in a manner that is both responsible and consistent with the best interests of the state and the nation. The legislature and state agencies should, therefore, consider indirect benefits that may be achieved when entering into state contracts for goods and services. Such benefits include, but are not limited to, job creation, capital investment, and economic stimulus. Additionally, such benefits include greater protection of privacy interests, less risk of disclosure of personal information, and avoidance of undue risk.

Provides that the office of financial management, in consultation with representatives of state agency management, business, labor, and agricultural groups, shall conduct a study of the indirect benefits of adopting procurement policies giving Washington businesses a price preference when determining the lowest responsible bidder on civil service contracts and contracts for public works, personal services, purchased services, information services, highway design and construction, and materials, supplies, and equipment.

Requires the office of financial management to report its findings, and any recommendations for legislation adopting procurement policies giving Washington businesses a price preference, to the legislature by December 1, 2005.

Providing tax incentives for solar energy systems.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that it is of great concern that businesses in this industry have been increasingly expanding and relocating their operations elsewhere. The report indicates that additional incentives for the solar electric industry are needed in recognition of the unique forces and issues involved in business decisions in this industry.

Declares an intent to enact comprehensive tax incentives for the solar electric industry that address activities of the manufacture of these products and to encourage these industries to locate in counties with high unemployment.

Requires that, by November 1, 2010, and November 1, 2013, the joint legislative audit and review committee, in consultation with the department, shall report to the legislature on the effectiveness of this act in regard to keeping Washington competitive.

Requires the report to measure the effect of this act on job retention, net jobs created for Washington residents, company growth, diversification of the state's economy, and other factors as the committee selects. The reports shall include a discussion of principles to apply in evaluating whether the legislature should extend any or all of the tax preferences in this act.

		Establishing the life sciences discovery fund.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares it to be a clear public purpose and governmental function to promote life sciences research to foster the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington.

Declares that it is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research.

Declares that the purpose of this act is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this act.

Declares that the life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to foster improved health care outcomes across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment.

SB 5773-S2 by Senate Committee on Ways & Means
 (originally sponsored by Senators Fraser, Fairley, Kohl-Welles, Rockefeller, Kline and Pridemore)

Protecting homeowners who hire contractors to remodel or build their homes.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that the vast majority of contractors engaged in the business of constructing or remodeling owner-occupied single-family homes are both technically proficient in their trade and able to manage their business dealings in accordance with the highest standards.

Finds, however, that in those relatively few, but all-too-frequent, instances where prime contractors on such construction or remodeling projects intentionally or unintentionally mismanage payments received from homeowners that are intended for subcontractors, suppliers, and others, existing provisions are inadequate to protect homeowners. Additionally, the toll on an individual homeowner's personal economic and emotional condition that such financial mismanagement by this small fraction of prime contractors is not adequately balanced against the responsibilities, obligations, and possible penalties that contractors bear for such mismanagement.

Finds that it is necessary to: (1) Clearly establish that prime contractors have a duty to properly manage funds received from homeowners that are intended for suppliers, subcontractors, and others, and to hold those who fail in this duty personally responsible for such financial mismanagement;

(2) Increase awareness by homeowners to the potential for liens against their residence if contractors fail to pay suppliers and subcontractors as promised;

(3) Clarify the right of homeowners to require that prime contractors maintain deposits and other similar payments in a trust account for the homeowner, when the homeowner elects to do so; and

(4) Increase opportunities for homeowners to become better educated about ways to protect themselves from financial mismanagement by those few contractors who are unable or unwilling to meet the financial management standards set by the vast majority of residential contractors in this state.

Declares an intent that liabilities of contractors and subcontractors arising from mismanagement of funds received from or for the benefit of homeowners should be disfavored by courts addressing whether or not such liabilities should be dischargeable in bankruptcy. If the mismanagement rises to the level of criminal conduct, nothing in this act is intended to interfere with criminal prosecution.

Takes effect July 1, 2006.

Providing funds for the maintenance and preservation of small city and town streets. Revised for 1st Substitute: Authorizing the creation of a small city or town street and sidewalk improvement program.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that it is in the state's interest to support the economic vitality of all cities and towns and recognizes that those cities and towns with a population of less than five thousand are unable to fully maintain and preserve their street system.

Finds it is necessary to create a small city pavement and sidewalk account.

Creates the small city pavement and sidewalk account in the state treasury. All state money allocated to the small city pavement and sidewalk account for the ongoing support of cities and towns must be deposited into the account.

Provides that expenditures from the account must be used for small city pavement and sidewalk projects or improvements selected by the board in accordance with this act, to pay principal and interest on bonds authorized for these projects or improvements, to make grants or loans in accordance with chapter 47.26 RCW, or to pay for engineering feasibility studies selected by the board.
